* Effective 7/1/98 all children under age 19 are covered up to 150% of federal poverty level. (Prior to that date, the income levels were: 150% of federal poverty level for children under age one, 133% federal poverty level for children age one through five and 100% of FPL for children age 6 through 18.) Effective January 1, 2000 CHIP expanded to include children between 150% and 200% of the poverty level.
